Presenting:
CHAD BRIA
Builder Homesite, Inc.

As a service to our Builder members, HBACA is launching a private label home search site through NewHomeSource.com. Powered by Builder Homesite, Inc., NewHomeSource.com is the new home search engine started several years ago by home builders – specifically for home builders. The difference between NewHomeSource.com and other search engines is that listings are strictly limited to new homes – NO re-sales, NO rentals.

HBACA's private label site has the further advantage of restricting new home listings to our MEMBERS. So when prospective buyers visit the HBACA website, they are directed to an area on NewHomeSource.com that features only HBACA BUILDER MEMBERS.

The basic listings are FREE for all HBACA builder members.

To learn more about the HBACA / NewHomeSource.com partnership, we invite you to join us on Tuesday, June 23, at 8:30 AM for a brief presentation. Chad Bria from Builder Homesite will be providing information on how the site works, how to submit listings, and answer any questions you may have. We encourage all builders to join us.
