

This is WPATH.

If you are a professional who is dedicated to best practices and supports policies that promote health, research, education, respect, dignity, and equality for transgender, transsexual, and gender-diverse people in all cultural settings, then **you understand our vision.**

The World Professional Association for Transgender Health (WPATH) provides the latest evidence-based medical and mental health guidelines for providing gender-affirming care.

equality

health

dignity

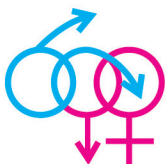

respect

education

research
